

ES128P - STANDARD LINE WITH MODULARISED GENERATOR EQUIPMENT

Dimensions	
width	2,010 mm
depth	2,425 mm
height	2,585 mm
Workspace	
width	1,200 mm
depth	800 mm
Electrolyte tank	
filling capacity	850 l
Generator technology	
output voltage	0 bis 45 VDC
output current	0 bis 1,200 A
Installation data	
power supply	3 AC 400 V +PE +N
power frequency	50/60 Hz

Technical changes reserved.
